For Nurserymen and Dealers Only.

Fruitland Nurseries

AUGUSTA, GEORGIA.

P J. BERCKMANS COMPANY,
(Incorporated.)

TO OUR PATRONS.

WE DESIRE TO SAY to those unacquainted with us that this is the 42d year since these Nurseries were established, and since 1857 have been under the same ownership; that we have nearly 400 acres devoted to Horticultural purposes, 350 acres of which are closely planted in Nursery stock; fourteen green and propagating houses, covering an area of over 60 000 square feet; and that the stock of trees and plants offered in this list is in most thrifty condition. An inspection is invited. Shipping facilities are unsurpassed. Augusta has eight trunk lines and their connections. *We have no connection whatever with any other Nursery, do not employ agents*, but all our dealings are made directly with purchasers.

CATALOGUES.

The following Catalogues will be mailed free on application:

No. 1—DESCRIPTIVE CATALOGUE of Fruit Trees, Grape Vines, Strawberry Plants, Evergreens, Roses, Flowering Shrubs, etc., issued in August.

No. 2—SPRING CATALOGUE of Bedding and Greenhouse Plants, etc., issued in February.

No. 3—WHOLESALE CATALOGUE for nurserymen and dealers only, issued in July.

Lists of specialties issued in Spring and Summer.

TERMS AND CONDITIONS OF SALE.

1. The articles on this list will be supplied at the annexed prices only when the quantity specified is ordered, and at one time. Five will be supplied at 10 rates; 50 at 100 rates ; 500 at 1,000 rates.

2. *In no case will long lists of selected varieties be supplied, two or three of either Fruit or Ornamental Trees or Plants, etc., to Nurserymen or Dealers at wholesale rates*, but a discount of 25 per cent. from retail single prices is allowed on such lists.

3. The selection of varieties of Fruit Trees or Roses must be left in part with us, except for varieties specially quoted; but we give the purchaser his choice as far as practicable.

4. Give explicit *directions as to shipping*, and the mode of conveyance by which you desire trees forwarded. *But in no case do we assume any responsibility as to the safe delivery and condition of Trees and Plants after a proper shipment by us.* Claims for delay or loss must be made to the forwarders. All goods travel at the purchasers' risk.

5. **Early Orders** respectfully solicited. The forwarding season for Fruit Trees and Deciduous Plants commences by the 5th of November, and lasts until the middle of March. Strawberry plants can be sent in October, and all plants grown in pots at any time during the year.

6. **Packing.** First cost of materials charged only. Boxes 8x2 feet, $2.00; 8 feet by 16 inches, $1.75; smaller sizes in proportion. Bales from 25 cents to $1.00 according to size.

7. **Terms Cash with order, or satisfactory security before shipment**; or, if preferred, trees will be forwarded by ordinary freight lines consigned to ourselves. The Bill of Lading, endorsed to parties ordering, will be sent C. O. D. by express, or through Bank with sight draft, thus reducing heavy express charges and facilitating collections.

All orders shipped C. O. D. must have *one-half the amount* remitted before shipment.

8. REMITTANCES can be made in drafts on New York or Augusta, or whenever convenient, by postal order. Money sent through mail in ordinary letters is in all cases at sender's risk.

9. **Our Responsibility for any business transaction extends only to persons purchasing direct from the Nursery.** *Dealers purchasing from us sell upon their own responsibility.* We likewise disclaim any liability for results arising from defective planting or at improper seasons, or from subsequent faulty treatment and cultivation, and are not in any respect responsible for any loss or damage arising from any failure thereof. While we exercise the greatest care to have all our Trees and Plants true to name, well grown, and packed in the best possible manner, and hold ourselves in readiness, on proper proof, to replace all Trees or Plants that may accidentally prove untrue to label, free of charge, or refund the amount paid therefor it is mutually understood and agreed to between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than originally received for said Trees or plants that prove untrue.

10. **NOTICE.**—All orders are accepted upon condition that should stock be injured by frost or other casualties before the season of delivery they are to be void.

ORANGES AND LEMONS.

	Per 10	Per 100
All our plants are *Grafted upon Citrus Trifoliata,* which dwarfs the plants as the Paradise stock does for the apple. These plants are therefore specially adapted for conservatory culture, and valuable for their early bearing—two years old plants usually yielding an abundance of flowers and setting some fruit. Upon 3 and 4-year old plants a crop of from 5 to 30 oranges is often produced. All are with *trained heads.* We grow 10 of the best and most distinct varieties, such as *Jaffa, Nonpariel, Homosassa, Sour Seville, Mandarin, Navel, Maltese Blood, Mediterranean Sweet, etc.*

INSPECTOR'S CERTIFICATE No. 2

STATE OF GEORGIA,

DEPARTMENT OF AGRICULTURE.

Atlanta, Ga., July 14, 1898.

This is to certify that I have, on the 13th and 14th days of July, 1898, made an inspection of the nursery stock grown in the FRUITLAND NURSERIES, P. J. BERCKMANS COMPANY, Proprietors, at Augusta, Georgia, and that I have found the same apparently free from the San Jose scale, black knot, peach yellows, rosette and other seriously injurious insects and plant diseases. Every precaution seems to be taken to prevent the introduction of such pests.

This Certificate invalid after January 14, 1899.

W. M. Scott.

State Entomologist.
